

CHALLENGE FUND

Czech Solutions for SDGs

6

Number of partner countries in Africa, Europe and Asia

31

Number of selected initiatives for implementation

12

Number of applied innovative solutions with impact

Major Achievements

Bosnia and Herzegovina

Installation of the modern interactive service for information management to the local government and citizens.

Georgia

Introduction of the social impact bonds to bring together the public, private and voluntary sectors to solve the prevailing challenges.

Moldova

Presentation of the satellite data management to enhance the agricultural response to weather extremes (droughts, floods) and climate change.

Plans for the Future

- Increase the involvement of the private sector in the ODA.
- Mapping of the Czech innovations and engagement of the new entities in the ODA.
- Extend the interactive platform for the knowledge management.
